

Productivity Solutions Grant

What is PSG?

The Productivity Solutions Grant (PSG) supports companies in the adoption of pre-scoped IT solutions that enhances productivity.

PSG supports up to 70% of qualifying costs. An annual grant cap of \$30,000 per company, per UEN, applies for the adoption of pre-scoped solutions under PSG.

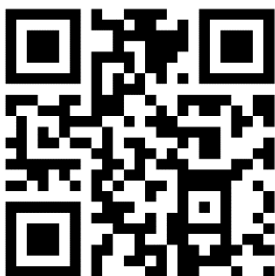

How is PSG different from the Business Improvement Fund (BIF)?

Solutions on PSG have been pre-scoped and travel agents applying for PSG enjoy a simpler grant application and approval process.

What are the pre-scoped solutions available?

1. Travel Management System
2. Accounting Management and Sales Management System
3. Accounting Management, CRM, Inventory Management and Sales Management System
4. Accounting Management, Inventory Management and Sales Management System
5. Appointment Scheduling and Booking System
6. Customer Relationship Management
7. Fleet Management System
8. Human Resource Management System

Tech Depot
